Local Organizing Committee

Invitation

Ege University cordially invites scientists interested in cancer control programs to attend in the First Regional Meeting of APOCP which will be held on 14-16 October 2003 in Izmir, Turkey

Izmir

Turkey is situated as a big bridge between the European and Asian Countries. The city of Izmir is in west of Turkey with a population about 3 million, situated closed to Aegean Sea coast.

Abstracts

Participants who wish to present a free oral communication or a poster should fill in the abstract submission form in English (see website www.apocptr.com). The deadline for abstract submissions is 20 June 2003. One can also submit the abstract forms as e-mail attachments to apocp@med.ege.edu.tr. Abstracts will be published as the Conference Proceedings with the final program.

TENTATIVE PROGRAM

Tuesday, 14 October

Morning **Theme 1 Cancer Prevention**

Public Health Mission
Human Biomonitoring
Population Based Genomics
International Cancer Prevention
Studies

Afternoon **Theme 2 Epidemiology and Registration**

Molecular Epidemiology
Pathophysiological Epidemiology
Innovative Statistics for Cancer Control

Izmir Clock Tower

Wednesday, 15 October

Morning **Theme 3 Carcinogenesis and Environment**

Life-Style (Diet and Exercise) Natural Products for Cancer Prevention
Inflammation Molecular Pathogenesis Agricultural Chemicals

Afternoon **Theme 4 Clinical Sciences**

Organ – Site Specific Investigations Clinical Pharmacogenomics,
Pharmacogenetics Pharmacology Clinical Prevention Trials

Thursday, 16 October

Morning **Theme 5 Early Diagnosis and Treatment**

Population-based screening Clinical Screening
Clinical Intervention Surgery/Chemoprevention

Afternoon **Theme 6 Public Education**

Rule Points for Cancer Prevention Tobacco Avoidance
Community-Based Education Worksite-Based Education

Venue: MÖTBE Hall

Meeting Fees

Until 1 July 2003 150 USD
After 1 July 2003 200 USD

APOCP - Thailand National Cancer Conference Satellite Symposium - 15th-16th November, Bangkok

‘In Vivo Models for Assessment of Carcinogenicity and Chemopreventive Potential of Food Components’

President: Nobuyuki Ito, Honorary President, Nagoya City University

Organizing Committee:

Sukta Das, Chittaranjan NCI

Wanee Kusamran, NCI, Thailand

Young-Joon Surh, Seoul University

Kazuo Tajima, Aichi Cancer Center Res Inst

Shoji Fukushima, Osaka City University

Malcolm Moore, APOCP Coordinator

Witaya Thamavit, Mahidol University

Hiroyuki Tsuda, NCC Res Institute, Japan

Saturday 15th November

Opening Remarks: **Nobuyuki Ito**, Honorary President, Nagoya City University

Special Introduction 1: **Thiravud Khuhaprema**, Director, National Cancer Institute, Bangkok

Special Introduction 2: **Yoichi Konishi**: International Cooperation in Toxicological Pathology

Symposium I: *Alternatives to the Long-term Test for Carcinogenicity*

Special Lecture

Invited Speaker: In Vivo Risk Assessment in the 21st Century

Presentations

Wanee Kusamran: In vivo/ vitro Short-Term Tests

Katsumi Imaida: Medium Term Liver (Ito) Model

Shoji Fukushima: Multi-Organ Models

Jerrold M Ward: Transgenic Mouse Models

Yoichiro Matsuoka: The hRas Transgenic Rat Model

Round Table Discussion: *Risk Assessment Questions for Debate*

Chairperson: **Michihito Takahashi**

Location: Siam City Hotel,

Tel. (662) 247-0123, Fax. (662) 247-0165

siamcity@siamhotels.com

Attendance: Free to all interested scientists and government officials. Please contact Malcolm Moore or Wanee Kusamran to ensure a seat apocp2000@yahoo.com

Sponsored by Saneigen FFI Foundation

Information: <http://www.apocp.org>

Venue: Siam City Hotel

Professor Nobuyuki Ito -Meeting President

Symposium II: *Models for Assessment of Chemopreventive Agents*

Special Lecture

Invited Speaker: Chemoprevention - Past, Present and Future

Presentations

Dae Joong Kim: Rodent Multiorgan Models

Sukta Das: Single Organ Models

Masae Tatematsu: Specific Disease Models I

Witaya Thamavit: Specific Disease Models II

Malcolm A Moore: Surrogates and Mechanisms

Round Table Discussion: *Chemoprevention Questions for Debate*

Chairperson: **Hiroyuki Tsuda**

Symposium III: *Asian Food Ingredients as Chemopreventive Agents*

Special Lecture

Invited Speaker: The Chemopreventive Promise of Asian Foodstuffs

Presentations

Kazuo Tajima: Epidemiological Pointers

Kumiko Ogawa: Food Constituents as Chemopreventives

Petcharin Srivatankul: South-east Asian Food Ingredients as Chemopreventives

Archana Sengupta: Indian Food Ingredients as Chemopreventives

Young-Joon Surh: Korean Food Ingredients as Chemopreventives

Round Table Discussion: *Chemoprevention Questions for Debate*

Chairperson: **Young-Joon Surh**

Announcement

AsiaTox III has been postponed once more and is now scheduled to be held on February 1st -6th

Monday 9th Morning Session
Opening Addresses
Keynote Lecture on “Cultural determinants”
- Kazuo Tajima
Special lecture “Future of chemoprevention”
- Hiroyuki Tsuda

Theme I: Liver Cancer

1. Overview of liver cancer
- Petcharin Srivatanakul
- 2.. Cholangiocarcinoma: A culture-bound cancer in Thailand
- Chawalit Pairojkul
3. Interaction of liver flukes and other factors in the etiology of cholangiocarcinoma in Khon Kaen
- Paola Pisani
4. Hepatoma: Chemoprevention
- Anuchit Chutaputti

For more information: www.apocp.org

Monday 9th Afternoon Session

Theme II: Lung cancer

1. Review of lung cancer risk factors in Northern Thailand: Are smoking and indoor radon the major risk factors ?

- **Phongtape Wiwatanadate**

2. Interventions to help smokers quit

- **Nobuyuki Hamajima**

3. Etiological factors for lung cancer

- **Kei Nakachi**

Oral presentations and posters

Welcome party

Tuesday 10th Morning Session

Theme III: Buccal and esophageal cancer

1. Chemoprevention of Oral Cancer

- **Takuji Tanaka**

2. Epidemiology of upper aerodigestive tract cancer

- **Hutchha Sriplung**

Oral presentations and poster

3. Food factors for esophageal cancer- **Toshiro Takezaki**

Tuesday 10th Afternoon Session Special lecture ‘Trends in Incidences of Gastrointestinal Cancer in Thailand’ - **Tiravud Khuhaprema**

Theme IV: Stomach and colorectal cancer

1. Impact factors of gastric and colorectal cancer development in Thailand

- **Sathaporn Manasathit**

2. Epidemiology of alimentary tract cancers in Indonesia

- **Soeripto**

3. Advances in imaging for cancer screening

- **Gen Inuma**

4. Intervention for colon adenomas

- **Shinkan Tokudome**

Break

APOCP South East Asia Meeting

Conference Registration Fee*

APOCP Member 100 USD

Non APOCP Member 150 USD

Local Participants 2,000 Baht

* Until January 4th

Venue: Hotel Kosa

Wednesday 11th Morning Session

Theme V: Reproductive organ cancers

1. Early Breast Cancer Detection (Model)

- **Arkom Cheirsilpa**

2. Epidemiology of breast cancer in Asia

- **Keun Young Yoo**

3. Intra Vietnam variation in cancer incidence

- **Le Tran Ngoan**

4. Risk Factors for Cervical Cancer in Khon Kaen, Thailand: nested case-control study

- **Supanee Sriamporn**

5. Cervical cancer in Korea

- **Hai Rim Shin**

Panel discussion “Customs, environment and cancer prevention” Chair - **Malcolm A Moore**

Wednesday 11th Afternoon Session

Special workshop

“Introduction to Molecular Epidemiology”

- **Nobuyuki Hamajima- Daehee Kan**

Closing Addresses

**First Announcement: Second General Assembly APOCP
Conference and UICC Symposium - Seoul
Seoul National University, 1st-3rd November, 2004, Korea**

**‘New Paths to Cancer
Prevention in the Asian-
Pacific Region’
‘Collaborative UICC
Strategies’**

**Honorary President: E Hyock Kwon
President: Yoon-Ok Ahn**

**Location : Seoul National University Hoam Faculty
House and Convention Center**

Tentative Schedule

Monday 1st November Afternoon Session

Opening Ceremony

Plenary lecture 1 ‘Epidemiology for the Future’

Symposium I ‘Cancer Registration’

**Theme 1: Variation in Cancer Burden in the
Asian Pacific**

Theme 2: Cancer Registration Networking for Asia

Oral and Poster Session 1

Welcome Dinner

Tuesday 2nd November Morning Session

Plenary lecture 2 ‘ Toxicological Pathology for the Future’

Symposium II ‘Molecular Carcinogenesis’

**Theme 1: Molecular Mechanisms of
Neoplasia**

**Theme 2: Pathology
of Multistage Cancer**

**Oral and Poster
Session II**

Lunch

Hoam Faculty House

Convention Center

For more information: www.apocp.org

Tuesday 2nd November Afternoon Session

Symposium III ‘Molecular Epidemiology and Etiology of Cancer’

Theme 1: Progress in Molecular Epidemiology

Theme 2: Impact of Lifestyle Factors

Oral and Poster Session III

Special Theme Parties

Secret Garden

Dr Ahn, Meeting President

Wednesday 3rd November Morning Session

Symposium IV ‘Chemoprevention of Cancer’

Theme 1: Preventive Agents - Natural or Synthetic?

Theme 2: Surrogate Markers for Chemoprevention

APOCP General Assembly

Chairmans Report

Coordination Directors Report

Election of Officers

Future Meetings

Lunch

Wednesday 3rd November Afternoon Session

Plenary lecture ‘UICC Activities for the Future’

UICC Symposium ‘Collaborative UICC Strategies’

Theme 1: Education and Information Transfer

Theme 2: Moving toward Practical Intervention

Closing Ceremony
